

Criterion F: Feedback from client

Questions for the Client	Yes/ No	Comments
Do you like the product?	Yes	It really suits the general theme of this business and its shows all of the projects clearly.
What do you like about the product?		I like the image gallery because of how organized it is. I also how the icons lead to the social media accounts. The video sliders are also really convenient to allow the visitor to skip through parts they want to go to.
What do you not like about the product?		I don't like that when you switch between images in the lightbox, the arrows do not stay in one spot. Overall, there is nothing that I don't like.
What features of the product can be improved on?		For the colours of the pictures to better blend in with the colours of the website.
Do you think the layout of the website is appropriate?	Yes	It's appropriate to the theme of the shop and is laid out as I wished.
Are the resolutions of the image suitable?	Yes	They are clear enough to see the details. Also, it is not very clear so visitors can't have access to the original copy which is beneficial.
Do you think there's sufficient amount of information in the website?	Yes	Yes, there is more than enough information on the website. It writes down all the intended contacts, socials and descriptions.
Has the specific performance	Yes	Images load quickly and properly. It is very organized

criteria been met?		and visible to scroll through and find specific information. All the buttons are working and perform the task they were supposed to do.
What do you think you would like to add to the website in the future once it has grown?		I would like to add a shopping feature, where people can browse through products and pay directly from the website.
